Welcome to Helping Habit!

Our mission is to put opportunities for good at the fingertips of every person and in doing so, help nonprofit organizations accomplish and expand their goals. We do that by providing volunteers and donors, like you, a marketplace of nonprofit causes to explore and easily connect with based on your interests, schedule, and location. In addition, we provide nonprofits tools and systems for little to no cost. We help nonprofits operate more efficiently, increase their donations, lower their expenses, and make it easier for them to reach an audience they may not otherwise reach.

Food for Thought has joined Helping Habit and will now be putting their volunteer opportunities on the Helping Habit platform, which makes it easy for them to create, organize, execute, track, and grow one-time volunteer events, ongoing volunteer needs, and fundraising events. As a valued volunteer and donor, your willingness to use the Helping Habit platform to sign up for events is greatly appreciated and will help Food for Thought save significant time and money on manual processes, which they will be able to spend in more important areas to have an even bigger impact on our community.

It is easy to complete our one-time signup. Simply download the iPhone app or go to the website and sign-in using your email, Google, or Twitter login. Once registered, you can sign up for any opportunities or events on the platform.

Thank you for getting involved with Food for Thought to make an impact in your community. We aim to amplify that impact and make it easy for anyone to get involved. Now more than ever, our world needs people like you getting involved to help solve real problems facing us all. As we like to say, "Don't just live there, be a part of your community".
